Dear Mother

just a line to let ^{11/3} you know
I am alright Jack & Henry were alright
last time I seen them. It is getting warmer over
here now the only thing is the wet on your feet
so cold and makes them pain my feet are getting
a lot better now though I have had no letters
for some time now. My cold is still on me but
once I get home again I suppose I will get rid
of them. Mother there is no news here it is the
same thing over & over. I had a letter from
Will & he was up before the board & what
they marked him in his book some of the
b'haps told him it was for Australia I hope
so as it will be one less for you all to think
of. I hope Jack & Henry & I will follow him
soon so I will say good bye Mother with
love to you all & especially yourself

I Remain
ever your loving
son Charlie
